Amul model can go beyond milk and dairy sector: Amit Shah

- At an event organized to mark the completion of 75 years of Amul, started in 1946 as a cooperative movement in Anand, Gujarat, Mr. Shah said the cooperative sector would also prove crucial in making the agriculture sector self-reliant.
- "We need to implement this cooperative model to uplift sectors like agriculture and animal husbandry. The cooperative model will prove crucial in making agriculture 'Atma Nirbhar'," the Union Minister said at the function on the premises of Amul dairy.
- "Today, many farmers have turned to organic farming, but they do not have any platform to sell the produce in India and the world. Can cooperative organizations like Amul help them in doing it? Time has come to think on those lines," he said.

NDDDB Anand inks pact with UP Govt. to manage Varanasi Dairy Union for 5 years

- The National Dairy Development Board (NDDDB) has signed an agreement with the government of Uttar Pradesh to manage the Varanasi Milk Union for five years.
- This will promote the dairy sector in the northern State while providing the dairy farmers required economic resilience.
- This MoU will offer milk producers of Uttar Pradesh the essential market access while broadly keeping in view the sustainability and viability of the overall operations.
- Using biogas to run Varanasi Milk Union's dairy plant will be a path-breaking innovation. This unique technology-driven initiative will eventually bring rural prosperity.
- Meenesh Shah, Chairman NDDDB, assured necessary support to Varanasi Milk Union to better serve their members.

Scientists find possible interventions for bovine respiratory disease (BRD)

- Poor health, viruses, and environmental stress can leave young calves susceptible to secondary bacterial infections that cause bovine respiratory disease (BRD). These severe infections commonly result in pneumonia, and treatments can be costly.
- Part of the research aimed to use very high precision in targeting unique proteins, or antigens, in the outer membrane of the BRD-causing bacteria. These antigens induce an immune response and can protect the animal.
- Insights from this study will open doors for the use of antibody recognition of outer membrane proteins to develop preventive strategies against bacteria that cause BRD.

CEDSI invites applications for the empanelment of Subject Matter Experts in various domains of Dairy, Agriculture and allied sectors. Read detail advertisement on pages 3-5.

Dairy Sahakar' scheme launched to help boost income of cooperatives in the dairy sector

- Amit Shah, Union Minister of Home Affairs and Cooperation, launched the "Dairy Sahakar" scheme at Anand, Gujarat on Saturday, during the function organized by Amul for the celebration of the 75th Foundation Year of Amul.
- NCDC will implement the Dairy Sahakar with a total investment of Rs 5000 crore under the Ministry of Cooperation, Government of India to realize the vision, "from cooperation to prosperity".
- Under Dairy Sahakar, financial support will be extended by NCDC to eligible cooperatives for activities such as bovine development, milk procurement, processing, quality assurance, value addition, branding, packaging, marketing, transportation and storage of milk and milk products, exports of dairy products within the overall objectives of "Doubling the farmer's income" and "Atmanirbhar Bharat".
- The Department of Animal Husbandry and Dairying under the Ministry of Fisheries, Animal Husbandry and Dairying, Government of India is also implementing various schemes to develop the Animal Husbandry and dairy sector. This Dairy Sahakar will supplement the existing efforts for strengthening the dairy sector in the country.

Dept of Animal Husbandry celebrates 6th international 'One Health Day' as part of Azadi Ka Amrit Mahotsav

The Department of Animal Husbandry and Dairying, Government of India celebrated International One Health Day on November 3, 2021, by organizing a stakeholder forum on the theme 'Industry and One Health' as part of Azadi Ka Amrit Mahotsav.

The Forum would bring together policymakers, industry, public health professionals, civil society members and all relevant stakeholders and provide a dynamic platform to understand the roles and responsibilities of the industry towards implementing the One Health approach.

This would witness discussions around the impact on health if we ignore the One Health approach and help devise a collaborative and multi-disciplinary approach to fight future pandemics and maintain the One Health approach for a sustainable future.

The deliberations regarding the potential of the industry through active involvement in the implementation of One Health will be set forth with the opening remarks by Atul Chaturvedi, Secretary, Department of Animal Husbandry & Dairying, GoI and Dr. Trilochan Mohapatra, Secretary (DARE) & DG, ICAR. Panelists on the forum include representatives from industry, Confederation of Indian Industry, World Bank, Bill and Melinda Gates Foundation, senior officials from Department of Animal Husbandry & Dairying, Government of India and other experts.

CENTRE OF EXCELLENCE FOR DAIRY SKILLS IN INDIA

AN INITIATIVE OF AGRICULTURE SKILL COUNCIL OF INDIA

Advertisement for Empanelment of Subject Matter Experts (SMEs)

The Centre of Excellence for Dairy Skills in India (CEDSI) is an initiative taken by Agriculture Skill Council of India which aims to ensure sustainability and profitability in the dairy sector through skilling and capacity building, policy advocacy, knowledge management and research. Towards This CEDSI works with stakeholders across the dairy ecosystem including dairy farmers, wage workers, dairy cooperatives and corporates, research, academia, and central and state governments. It strives to be positioned as an innovator and leader in the dairy skilling space across the globe, who undertakes and facilitates applied manpower research in the dairy sector, capacity development in the areas of skilling and provides policy inputs at the national and state level to strengthen skill upgradation.

CEDSI invites applications for the empanelment of (SMEs) on various domains in Dairy, Agriculture and Allied Sectors.
